

**14. February 2020**

**Recommendation of GC ESC Expert Group PSH on amending NC DC with regard to applicability of pump-storage power-generating modules**

**NC DC, Article 5 (2) - old**

Any pumping module within a pump-storage station that only provides pumping mode shall be subject to the requirements of this Regulation and shall be treated as a demand facility.

**NC DC, Article 5 (2) – new**

*Article 5 (2) to be deleted.*
