- Modification on ENTSO-E proposal from EG HCF: 15/09/23
- **“Definitive”** version on modification from EG HCF: 18/09/23

Main changes from ENTSO-E proposal (**based on “definitive” version**):

1. Small changes on general definitions
2. Change of ‘compliance scheme’ definition proposal (**as discussed with ENTSO-E**)
3. New definitions needed for the overall work and proposal (**‘specified requirements’** and **‘statement of conformity’**)
4. Addition on Article 7 ‘regulatory aspects’ on compliance scheme (**as discussed with ENTSO-E**)
5. Addition on Article 29 ‘general provisions’ for ‘connection of new power generating modules’ (to include **‘compliance scheme’** references)
6. Changes on NEW article (inclusion of **specified requirements**, possibility to accept **certificates from OTHER member states**, possibility to accept **capability certificates**)
