ACER Decision on the Harmonised Allocation Rules

MESC

7 December 2023

- Long-term flow-based allocation (LT FBA) in the Core capacity calculation region is expected to go live in November 2024
 - The HAR needs to be amended to accommodate for LT FBA and it's the final methodology that needs to be amended to accommodate for LT FBA
- On 1 March 2023, TSOs submitted the first proposal on the amendments of the Harmonised Allocation Rules (HAR) (Article 51 of the FCA Regulation)
 - The first submission didn't contain any amendments regarding collaterals
 - ACER received the second proposal from all TSOs on 1 August
- ACER started the hearing phase on 19 October and it closed on 2 November
- The Decision is for approval at the BoR 13 December 2023

Collaterals

Apply a price cap which shall be calculated by scaling historical day-ahead prices to forward prices. TSOs shall evaluate and explore more efficient methods and may propose amendments to the HAR

Price cap

JAO will have 2 working days for calculating the price cap and the price cap shall be published 2 working days before the GCT

Suspension

No strengthening of the sanctioning in case of non-payment will be implemented and the provision will be kept as it is today

Published information

All flow-based parameters will be published in the auction specifications

Thank you. Any questions?
