

aFRR implementation framework and pricing methodology amendments

- ENTSO-E submitted on 7 February 2024 All TSOs proposal for the amendments to:
 - the aFRR implementation framework
 - the pricing methodology
- In order to collect views from stakeholders, ACER will organize a public consultation between 26 March and 23 April.
- A public workshop will be organized on 8 April in order to discuss the main elements of ACER's public consultation.
- The legal deadline for taking the decision is 7 August 2024.

Proposed amendments on:

- the aFRR IF
 - introduction of the possibility for TSOs to use an **elastic demand** for aFRR: TSOs may have a price for **part** of their aFRR demand with some limitations
- the pricing methodology
 - technical price limit to **+/- 15,000 EUR/MWh** (from +/- 99,999 EUR/MWh), with adjustment mechanism connected to the ID one; and the requirement to submit an adjustment mechanism based on balancing prices;
 - transitional price limit to **+/- 10,000 EUR/MWh** (from +/- 15,000 EUR/MWh)
 - calculation of the aFRR cross-border marginal price (CBMP) based on the **LFC output**

Thank you. Any questions?
