Invitation FCR stakeholder workshop 19 February 2019

Announcement: "FCR Stakeholder workshop on harmonisation and market implementations"

Dear Market Parties,

The FCR Cooperation TSOs would like to invite you to a workshop about the future development of the FCR market and the implementation of the already approved market design changes as described in the [proposal](#) towards the national regulators.

On 9/1/2017, the FCR Cooperation TSOs launched a public consultation to get stakeholder input on the future of the FCR market (the results can be found [here](#)). As a result of this, the FCR Cooperation TSOs launched a second public consultation on 15/2/2018 and submitted the aforementioned proposal to national regulators. However, this proposal covers only a part of the market design and we would like to continue the developments by tackling different harmonization aspects.

The details of the workshop can be found below.

FCR stakeholder workshop

Since the number of places is limited, we would like to stress that the participation per company will be limited to 1 person in case of too many applications.

Those who will not be able to join the meeting can also follow us through webcast (a link will be provided to registered participants). However it has to be mentioned that you will have limited options (monitored chat function) to make comments or ask questions during the meeting, when connected by the webcast.

Please send your registration to FCR@entsoe.eu as soon as possible by 31 January 2019 at the latest and indicate:

- Subject: FCR cooperation Stakeholders Workshop
- Your name and company
- Your preference for participation: a) webcast; b) physical presence

We are glad to have this opportunity to receive your feedback on our work and looking forward to a fruitful discussion.

Best regards,
FCR cooperation
