

8.2 Network Code Demand Response – SO GL amendments

Comments

Note – slide numbers and page numbers

Slide 45

1. SO GL and KORRR amendments mainly related to the DSO observability area: Confirm
2. SO GL amendments related to the integration of NC DC Title 3: Confirm
3. SO GL amendments related to prequalification
 - As a context, on June 4th , the DSO Entity shared a letter to ACER raising the issue that the documents shared by ENTSO-E (on SOGL and EBGL) had not all been approved by the EU DSO Entity.
 - About the prequalification, discussion between ENTSOE and EU DSO entity is still ongoing, no agreement yet.
 - The draft NC DR was sent to ACER with two competing drafting for prequal, one from DSOs, one from ENTSO-e - and that's why we can't agree the prequal in SOGL
