

Frequently Asked Questions

This document aims at answering the most common questions raised by Project Promoters

Questions	Answers
How to get a login and password to access the TYNDP 2022 Projects Platform?	Promoters who do not have access to the platform can request a login and password to the Single Point of Contact (SPOC) Ilaria.garampi@entsoe.eu .
Where can I find the recordings and slides of the webinars for project promoters?	Slides of past webinars are available on the Promoters' corner and recordings on the events' page .
What is the field in the projects platform "This project is no longer relevant for TYNDP (e.g. commissioned, cancelled etc)"?	It appears for every project and you can tick it only if the project is no longer relevant. This field is meant to allow promoters who have multiple projects in our database to easily see which of their projects are still relevant, and which are commissioned/cancelled/drafts projects or projects created in the platform by mistake.
What exactly is the promoter's Single Point of Contact?	The Single Point of Contact (SPOC) is the contact person for each project, who is responsible to receive communications from ENTSO-E for all promoters of that project.
To what extent does TYNDP 2022 include battery storage projects?	We welcome applications from battery storage projects. The project has to provide at least 225 MW installed capacity and must have a storage capacity that allows a net annual electricity generation of 250 GWh/year. For more information, promoters can refer to the TYNDP 2022 Guidance for Applicants page 17-19.
When does ENTSO-E plan to publish the draft list of projects admitted in the TYNDP2022?	<p>The provisional list of projects admitted to the TYNDP 2022 has been published on 24 January 2022 and it is available here.</p> <p>An updated list will be released with the TYNDP 2022 for public consultation in July 2022.</p>

Can several promoters view and edit the same project (of which they are jointly promoters) in the TYNDP Projects Platform?

Yes, it is possible for several promoters to view a project on the TYNDP project submission form online. To provide access to other promoters of your project, please contact us with the project number and the email address of the person who needs access to the project.

Where to find information about projects present in TYNDP 2020?

You can find information about TYNDP 2020 Projects in **TYNDP 2020 Project sheets**, available [here](#). Projects sheets are provided in 3 formats: online, PDF format and spreadsheet format (both downloadable from the online page).

After submission to TYNDP, what are the next steps for project promoters?

- 24 January 2022: publication of the draft TYNDP 2022 Project Portfolio
- 18 February 2022: webinars for project promoters on the next steps of the TYNDP 2022 process. Recordings and slides available [here](#)
- 1st week of March 2022: release of the Implementation Guideline
- March – 30 June 2022: project-level indicators' submission window for promoters
- April 2022 (exact date TBC): webinar for project promoters on project-level indicators
- 15 May – 15 June 2022: window for promoters to edit and complete project sheets
- May 2022 (exact date TBC): webinar for project promoters on project sheets
- July 2022 (TBC): release of 1st batch of CBA results shared with project promoters for review
- Mid/End-July 2022: release of TYNDP for public consultation
- September/October 2022 (TBC): release of 2nd batch of CBA results shared with project promoters for review.

Will hybrid offshore projects be considered in the Implementation Guideline?

Yes, the Implementation Guideline contains a part dedicated to hybrid offshore projects and the different modalities to assess them.

Will it be possible to submit project-level indicators in TYNDP 2022 like in TYNDP 2020?

Yes, it is possible. In April we will organise a webinar for promoters about when and how to submit project-level indicators.

When will ENTSO-E publish final scenarios data?

Final scenarios data will be available in Mid-March.

ENTSO-E organise other webinars and/or workshops dedicated specifically to project promoters, and on what topic?

Yes, we will organise webinars and/or workshops to provide practical live demonstration and answer questions on topics including project sheets and project-level indicators.

Webinars/workshops will be announced on tyndp.entsoe.eu/events and via emails to promoters.

When does ENTSO-E plan to share CBA results with project promoters?

We plan to share CBA results in two batches. Most CBA results for the 2030 horizon will be shared for consultation with project promoters in July. The remaining CBA results will be shared for consultation with promoters in September/October.

Upon review of these results, project promoters may have questions or queries. Promoters may send questions and comments by email or request a bilateral meeting with ENTSO-E's TYNDP team by emailing the SPOC Ilaria.garampi@entsoe.eu. This request should include a brief description of the topics and issues that the project promoter wishes to discuss and the project promoter's upcoming availability.

Will TYNDP 2022 package for public consultation include CBA results?

It will include the 1st batch of CBA results. We are planning to run another brief public consultation for the remaining CBA results at the end of Q3 2022.

Which studies will ENTSO-E perform on projects in TYNDP 2022?

All projects included in the TYNDP 2022 are assessed, with either a market-only or a full (market and network) CBA, depending on the commissioning year of the project (see the table below).

Project commissioning year	Time horizon	Scenario	Studies
Until 2034 included	2030	Central scenario	Full CBA including network computations (losses)
		Variance scenarios	Market-only CBA (except B6)
	2040	All scenarios	Market-only CBA (except B6)
2035 and above	2040	All scenarios	Market-only CBA (except B6)

In TYNDP 2020 it was possible to exclude the projects from CBA using the option “opt out”. Will such an opportunity be in the current process?

No, it will not be possible to opt out of receiving a CBA assessment in the TYNDP 2022 process. All projects will be assessed.

In TYNDP 2020 only CBA Light/Market CBA was performed for the concept projects with commissioning date ≥ 2035 . Is it still valid for TYNDP2022?

Yes, in TYNDP 2022 a light (market-only) CBA will be performed for projects with commissioning year beyond 2034 (= 2035 and above). Ref. Section 4.3 of the [TYNDP 2022 Guidance for Applicants](#).

What if a project promoter wishes to remove his/her project from TYNDP 2022?

The project promoter should inform ENTSO-E SPOC (Ilaria.garampi@entsoe.eu) if they wish to remove a project from TYNDP 2022.

The project promoter missed the deadline to submit its project. Is it still possible to add the project to TYNDP 2022?

No, it is no longer possible. The promoter can only submit the project in TYNDP 2024.
